11 Lock units together

12 Make 30 units and
join 3 units in each point

13 Top view when you
cut 1 cm off the top

14 Each half of each unit is joined to 2 other units
The other half is joined to 2 more units
The central points on one side of the joined units all meet in one point
Together five units form a pentagon
The shaded areas are part of the adjacent pentagons
